

# IDEABOARD

De navigatiebar en de zoek knop vind ik zeer goed gemaakt het is strak en simpel. Dit vind ik belangrijk op een website dat het mooi en direct oogt.

Pukkelpop

Deze knoppen die de artiesten aangeven vind ik zeer goed bedacht ook weer simpel en terwyl ook elegant.

Coachella

Deze button zet twee modussen aan. enerzijds de donkere en anderszijds de lichte. Die pas ik ook toe in mijn website. Zo is er dus de mogelijkheid voor de mensen die niet graag van een donkere website houden toch een van een lichte versie kunnen opteren.

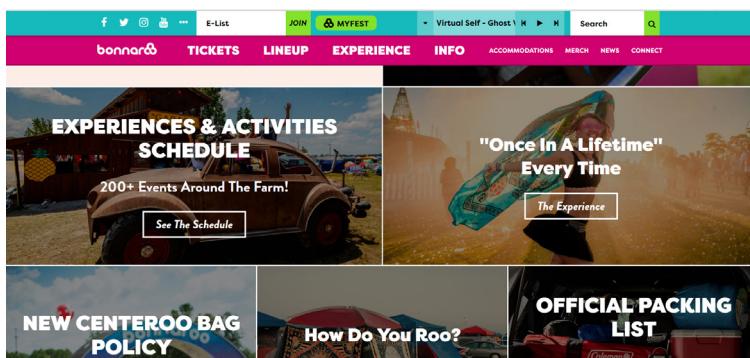

Coachella

De website oogt zeer simpel maar toch super cool  
ik weet niet of dit in mijn thema past maar ik vind het toch mooi.

## Bestival

De kaders ogen zeer simpel maar ik hou van simpelheid.  
Het is ook leuk dat het kdertje verandert van kleur en dat je direct naar wat muziek kan luisteren

## Bannar

De navigatiebar zit leuk in elkaar.  
Veel kleurrijke kleuren

Glastonbury festival

Donkere website, maar mooie opmaak

Buzz Club

De stijl van de website is clean en mooi opgemaakt door de vormgever

## Governors Ball

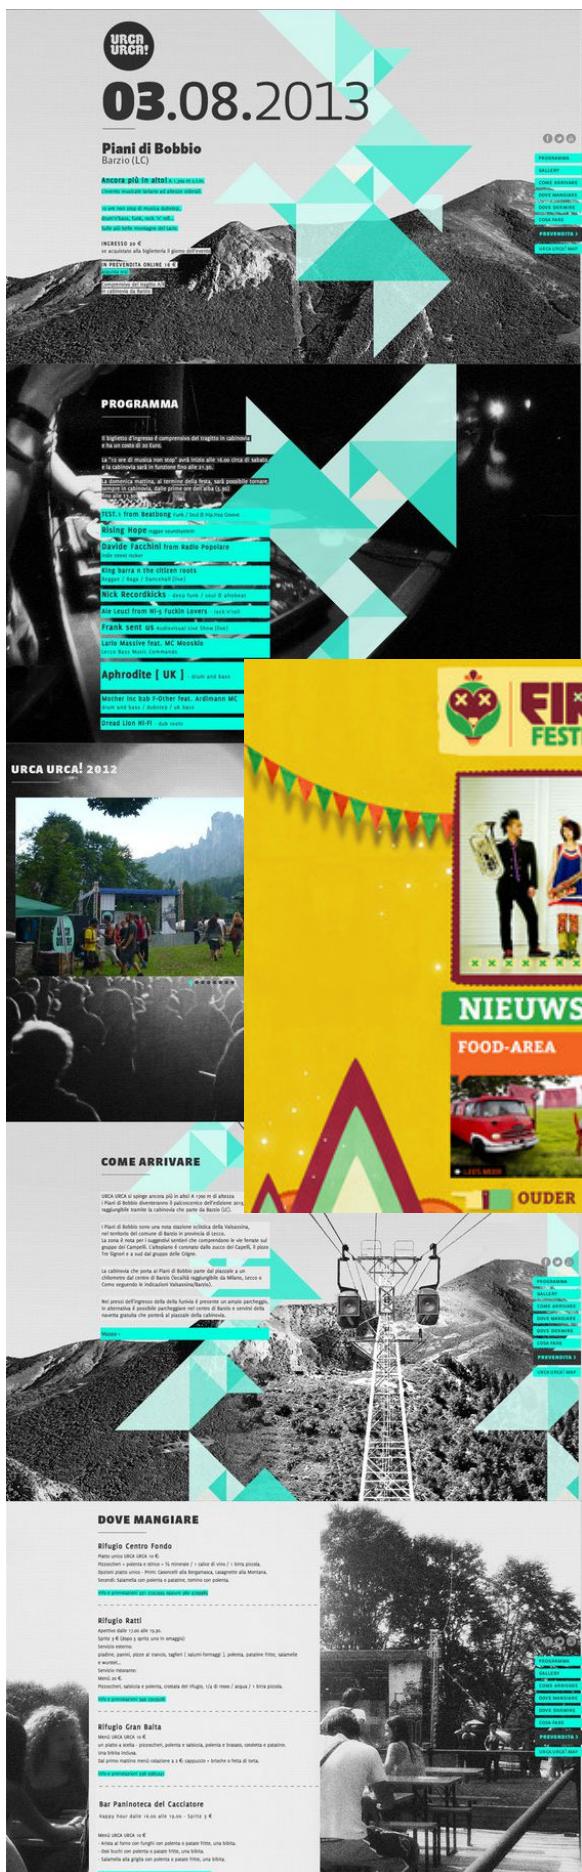

Lijkt op zich miss een beetje saai maar het is wel duidelijk

Festival Nyon

Leuke layout van de navigatie bar

## Solidays

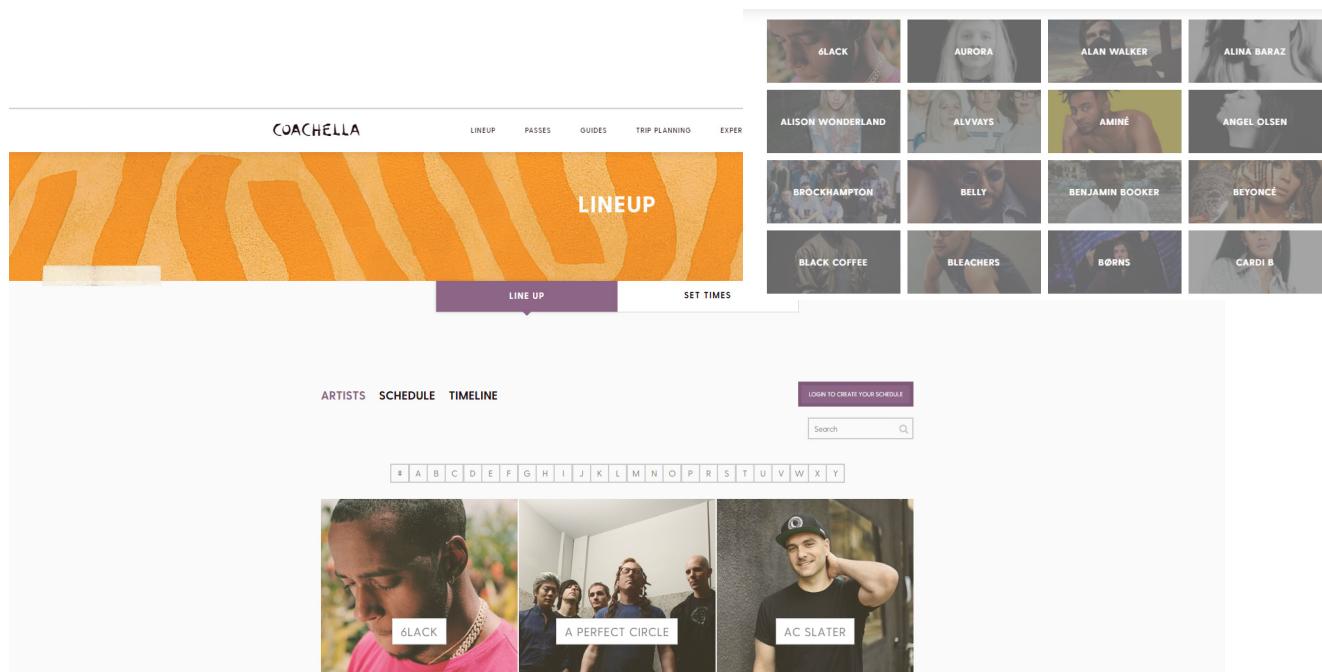

Het is gedurft om  
met bijna 2 kleuren  
te werken

## Urca Urca 2013

het ziet er erg cartoonish uit maar daarom  
wel een goede inspiratie bron

## Firefly festival

**Het festival redesigned regelmatig de website waarbij door ook de lay-out van de line-up er anders gaat uitzien**
